To Whom it may concern:

We highly recommend Hustad Companies for roofing repairs, replacement and maintenance.

GreenSlate Management has been a client of Hustad Companies since we started the management company just over a year ago. Hustad's reporting and online portal are beyond what anyone else offers. Oftentimes contractors disagree on the scope or severity of work depending on who's paying them. I've found it's been a huge benefit to have Hustad on our side, as their reports have a great, user friendly layout and include photos. The photos correspond to a roof map, so it's almost impossible to dispute their findings because of the photos and thorough nature of their reporting. They helped tremendously in a dispute with another roofer on a commercial property that had been ongoing for months.

Hustad's quality of work is impeccable, too, which doesn't surprise me given the above. As a property management company, it gives us an advantage to use contractors like Hustad. For those reasons, we highly recommend Hustad Company as a roofing contractor and inspector!

Sincerely,

Spencer Lombardo
